WEATHER PROBABILITIES. July 28, 1879. For the Middle States slightly warmer partly cloudy weather, with southerly to westerly winds, falling barometer during the rest of Monday, and in the extreme northern portion areas

THE RAINS .- There was a very heavy shower f rain ou Saturday night after the Gezatte went to press, which flooded many of the Reid and Mess Cata V. Henderson, of this city. streets, especially in the low.r part of the city, so as to render them almost impassable. The rain continued at intervals during the night, but yesterday mersing it was char and warm

List evening the clouds bigan to gather again in the ner h and west, and shortly before cight o'clock the rain came down in torrents, accompanied by violent gusts of wind. The gutters, streets and crossings were quickly flooded, effectually preventing the passage of pedestrians, and many strests became minia-ture cacals. This last rain continued in all its violence notil nine o'clock and af.erwards with diminished force for an hour or so.

The culvert at Alfred and Wilkes streets beiog caved in the water was noable to pass through it, and the houses of all the residents of the low grounds in that heality were invaded by the water, which filled the lower stories breast high. Most of the women and children had to be carried cut.

On Herry street, near the A. & F. depot, the houses were also everflowed, and the prople had to leave.

MAD Dog.-A large dog belonging on the schooner E lan Tolio, lying at the American coal whart, went mad vesterday evening, and rushed into the cabie of the vessel where the captain and (w) young min were sitting. He bit and snapped at everything around and rush ed frantically back and forth. The captain jumped into a state room and locked the door and one of the prung men rushed on deck, while the other (a gallant member of the A L. I) was left to confront the rabid animal. This he did effectually, causing the dog to tuo on deck, and the young man who ran first, to take refugee in the nighting. The animal then ran around the coal yard, out of the gate and up Oroscoo street to the Landoun depot where ha was shot by Mr. Wm. Smith. Fortunately he bit no one.

POTOMAC CITY.-A correspondent of the Washington Star, writing from Potomac City, Quantico about the prospec's and hopes that place to become a large city, says that Mr. Anson Bangs, on a late visit, said that if the Richmond and Alleghany Valley Railroad is built he will run a branch to tap it near Columbia, Finvanca county, and should this company fail or the Kanawha project fall through he has s charter to unite with the Manasses road, and it is highly probable that he and his associates return of their curlay. At any rate the Potomac City people are sunguioe that the day is not far distant when their town will be the terminal priet ef'at lers; one railroad.

POLITICAL. - The Fairfax Messenger says: 'Capt. Francis L. Smith, of Alexandria, is the only name prominently mentioned as a can-didate for the State denate up to this time, but there are others who may be named before the time strives. Gen. W. H. F. Lee has not, we believe, either declined or consented to by a candidate for re-election. Mr. Farr, of Fairfax, who it was stated would probably be a candidate for the Senate, will, we understand, enter the race for re-election to the House of Delegates. The name of Mr. Alexander Hunter has been mentioned also as a probable candidate for the Senate, but some of his friends say as he has declined to be a candidate for the House of Delegates because of the mosgre per diem, he will not consent to go to the Sensta, as the pay is the same there. Mr. A. C. Landstreet has been mentioned as a candidate for the House of Dele-

COUNTY COURT-Judge Jas. Sangster pre aling - W. H. Hatch foreman, A. W. F. Jathu, H. G. Burrows, W. H. Robertson, C. B. Graham, jr., H. W. Febrey and Hampton Die were seern as a special grand jury.

Com. vs. Jes, Wieston, indictment for felony, to wir: feloniously and maliciously wounding, with morent to maim, disfigure, disable and kill Wilson Smith, not a true bit; Cam. vs. A. D. Crair, indictment for unlawfully and without a nceuse true ising as a physican, a true bill; Com. vs. R. W. Johnston; murder; indiciment returned "not a true bill," and prisoner ordered to be d scharged.

The grand jury having ficished their business were discharged.

DECHARGED -As will be even by reference? to the precedings of the County Court, the Grand jury, this evening, ignored the indica-ment examet Richard W. Johnson, for the murder of Louis Latiner, colored, a week or two sices. The court house was crowded both by whites and negroes, but without any signs of either approval or disapproval.

Mr. S. G. B.ent, counsel for accused, moved for his discharge which was at once ordered by Judge Sangster. It will be remembered that Mr. Johnston shot Latteer weile the latter was stealing pears on his grounds.

A GOOD SUGGESTION.—The Washington correspondent of the Baltimere San in noticing he services of the Revenue Cutter Thomas Ewice, as reported in the Gazatte, says that there is much regret expressed in view of the effective manner in which these duties are discharged by the Ewiog that some arrangement causet be made by which the enforcement of the fishery laws and the prevention of throwtog over ballast or depositing earth in the river channel could not be entrusted to the officers and crews of such vessels.

NEARLY A FIRE. - While the employees of the Columbia Fire Company were at dinner resterday, smake was seen issuing from their erg no house, and opening the doors it was found that the charge is the engine had been, by some means, lighted off and was burning briskely. The house was filled with smoke and had not the fire been discovered so soon it might have troven serious. As it was no damage of account was done, the apparatus being quick'y hauld out and the charge drawn.

THE CHURCHES. - The churches yesterday mototeg were well attended, notwithstanding the heat. Rev. Dr. Walker presched in Gree; Church in the morning. Rev. Dr. Jacobs treached in the Union Presbyterian Church, and there were no services in the M. P. Church, the paster being absent at camp meeting. Owing to the very heavy rain there were no services in any of the churches at night.

THE CANAL .- Fears are entertained for the safety of the C. & O. Catal, but up to noch to day authentic information stated only the fer mation of a bar at Point of Rocks, which would be removed by this evening so that boats could

NEW PATENT TRIED .- A specimen of the new patent gague cook and drip pipe, invented by Mr. Charles R. Joyce of this cny, was placed purbe stramer Columbia to day and tried in front of the engine house. It worked very nicely and gave great satisfiction to all concerned.

Letters from Fairtax Court House.

The Sheriff will leave with them for Richmond

sent yesterday to hear and determine the con tested election cass of the people against R. F. Broadwater, ciq., but on motion of the peti having expended now about \$250,000 in this who has been retained by the petitioners in leading will make a returns efforts to scenre a place of Judge Charles E. Sturr, who was originally employed.

This case is exciting much interest as well as

feeling in the county, the most material inquiry being the motive to the contest. The election of Mr. Richard Farr Broadwater as Commissioner of the Revenue for the Northern District of the county was hit upon to correct great wrongs alleged to have been done the county, the free ballot box, and the right of the people to a fair election. Every wrong should be corrected, if there be a remedy, and it violates to the interests of the county wrong should be corrected, if there be a remedy, and it violates to the interests of the county. and it violence to the interests of the county or the rights of any one has been done by this election it should be set aside and a new election ordered. But why stop at this half way house. In this particular case the people expressed their will, their preferance, and their choice, just as they did for Treasurer, Sheriff, Com monwealth's Attorney and Commissioner of the Revenue for the Southern District; their election was certified to by the same judges, the same returns, same pull books, same ballots and the purchaser, with satisfactory security and the same canvessers. These officers were elected title to be retained until the purchase money be for the course county, Broadwater for but half, and if his cleation is undue and irregular so is the election of each of the officers named. It wrong has been done by his election, the same wrong, on a greater in proportion as the buil is to the whole, has been done by the election of the officers named. It will not avail to say their election is not contested-that they hold according to law because the ten days given for contest has passed, that they, or a part of them, had no opposition, or at least week opposition. It preciate are to be counted out because persons not qualified to vote, voted there at, the same plea must taint every poll and the returns for each caedidate voted for, for it is hardly presumable that all the bad votes were oast for one was. No fraud is charged to Mr. Broads water por can any be sustained. There may be a contest without an opposing condidate, why then were not all embraced in this contest and let us for once have a full hand of legally elect ed efficers? This contest is inaugurated by seventeen vo'ers in the name of the people to remove en offiger claimed to be undaly elected, and where duties are emplaced to half the cono-

them falls the burden, experse and troub e ef a special election.

On last Thursday evening the "Mite" of Zien Epicopal Church met at the residence of Mrs. Thomas, of this village The spacious parlor was filled with the bosuty and intelligence of our community. The address of welcome was made by Master Willie Fullerton, of Washington. D C., in a next speech. During the evening this young gentleman performed a mesterly and classical facts in ucon the piano. The evening was spent in music and song, and at 9 o'clock the guests were invited to the scene of a gipsy camp under the trees that compose the beautiful grove of this residence. To many of the trees were attached Chinese lanterns, and just under the boughs of a grand old oak was s bright fire over which hung a large iron kette; a small tent stood just on the margin of the picture. Mrs E., representing the old "hag" of the camp, was sitting near the fire busily engaged in reading a weird gipry poem. She was enough to arouse the s'umbers of "Meg Merrilles" She sounded a shrill blast upon a bugle, and from behind the trees in the distance came a band of gipsie .- five ladies and five gentlemen-dressed in most approved gipsy style. Arranging them selves in a circle about the fire, they began the "anvil chorus," ecompanied with an anvil. Miss P. T. was a true type of a poet's dream of a givey maid; Miss B. T. made one think of ye oden times when our nurses told usgipsy stories; Mrs. B. was every bit a judy gipsy; Mrs. C. was as gipsy-like as possible, and Miss B. L. carried us away back when painter and post gave us the romatic scenes of simplicity and love in gipsy life. The was dressed as a gipsy bride, and when the rest saw her coming through the gloom
